Development for Innovation

Agenda

- The IT4I user council (IUC) idea and function
- The IUC charter
- The IUC people (Executive board)
- Feedback and discussion

Motivation

- Resource utilization, research and socio economic return value is conducted and facilitated by external Partner Users
- IUC independent of IT4I
- Feedback and Advisory to IT4I

Objectives

- To facilitate communication with IT4I management.
- to provide guidance to IT4I on the essential development and support issues.
- To provide IT4I with inputs, in order to help set priorities for IT4I.
- To promote the exchange of information and understanding of the IT4I systems, sharing experience among Members and the IT4I.
- To promote networking within the Member community and the IT4I staff.

Functions

- Written recommendations on the matters affecting the supercomputer operation and future development are to be provided to the supercomputing services director (IT4I-SCS), scientific director (IT4I-SCI) or the general director (IT4I-CEO) as required.
- The Council shall serve as an advocacy group for the facility, and its user community.
