Data Science with R Materials

You can find the courses hosted on IT4Innovations infrastructure at
Exploratory data analysis - https://shiny.vsb.cz/app/course.eda
XGBoost with caret - https://shiny.vsb.cz/app/course.caret

Additionally, sources for these courses are located at
https://github.com/It4innovations/r-courses
In the readme are instructions how to install the package and how to run individual courses in your local environment.
