

TRAVELING TO OSTRAVA / IT4Innovations

Have you ever been to a place where the spirit of the industrial past creates an unforgettable atmosphere? Visit [Ostrava](#), an exciting city full of unique and still living industrial heritage. The **historic industrial complexes** were being revitalised and transformed into new leisure, entertainment and educational zones. There is no other place where you can visit a castle whose whole structure sank 16 meters into the ground because of coal mining. This is the case of **The Silesian Ostrava Castle**, which is today reconstructed and opened to the public. Look at the green city from the highest **City Hall Viewing Tower** in the Czech Republic. Don't forget to visit **Stodolní Street** with over sixty bars, restaurants, pubs and clubs. It is the perfect place to finish your day.
